

Analysis of Feedback of Curriculum by Students 2019-20

Introduction: -

Study of any subject and achievement of educational objectives depend upon the type of curriculum that is framed and prescribed according to the requirements of standards.

The curriculum of Arts, Commerce and Science faculty is designed by the Board of Studies in different subjects in the university and the same is implemented by all the affiliated colleges. The feedback on curriculum is collected by students of our college.

Objectives: -

1. To know the opinion of students
2. To estimate the need of students and society.
3. To give suggestion for improvement of the curricula as per the demand of students.

Methodology: -

A questionnaire comprising of 7 questions was provided to students to collect feedback on different aspects. B. Sc., B. A. and B. Com. Third year students were selected randomly to collect the required information. The collected data was classified according to faculty. The percentage tool was used to analyze the data.

Results: -

- ❖ Maximum students opted for their subjects on the basis of their interest in the subject and importance of that subject.
- ❖ Most of the students are satisfied with the present curricula.
- ❖ Most students believe that the courses taught in the college are useful in future career development
- ❖ Some students suggest some changes as per the requirements.
- ❖ More than 90.00% students believe that the curricula are useful to solve the problems in their practical life.
- ❖ About 20.00% students suggest new idea to improve the existing curricula. They suggest ICT based, Vocational courses, Activity based Curricula etc.

- ❖ Majority of students were of the opinion that due to poor economic condition and costly fees structure of non grant courses they can't go for it.
